

Engineering Imagination One Day Camp

Students will discover the marvelous and spectacular world of engineering through a hands-on, minds-on full-day program offered by Engineering Imagination! In this exciting, educational workshop participants will use a variety of mediums such as recycled materials, LEGO®, salvaged motors, gears and electronics, balsa wood, and more to explore science, technology, engineering, mathematics, as well as architecture. Using different mediums, participants will learn about and build projects such as hydroelectric waterwheels, model rockets, and scale bridges! With activities focused on green engineering, mechanical engineering, chemical engineering, and architecture, each student is sure to have a blast while learning along the way!
